The Host Organisation: YMCA Transylvania

IKE-YMCA Transylvania, the host organization of ESG leadership training is a Hungarian speaking youth association working alongside the Hungarian Reformed Church in Romania.

One of our key mottos is Unity in Diversity. Our programs range from bible studies to sports competitions, from cultural lectures to work with drug prevention among young people, language clubs and evangelism, all our activities stem from our core value, to 'go and make disciples for Jesus'.

Each local IKE group can have different styles and they are often determined by its relationship to the local Church. Young people living in different regions have different needs and because of this our ministry and help from IKE is varied and complex. Most of our programs are aimed at young people aged 14 – 25, however we also have ministry to children at risk and have an IKE senior group supporting the ministries of IKE.

IKE is a full member of YMCA Europe and has various partnerships with YMCA in Europe.

The Venue: Geoagiu Christian Youth Centre

The Geoagiu Christian Youth Centre is situated in the heart of Transylvania on a 2 hectare area full of rich natural beauty and historical value. Within the grounds of the Centre you can find Transylvania's first rotunda chapel dated from the 11th century and also a reformed church building and old manse which is the main accommodation block.

The youth centre is only 6 kilometres from a nearby tourist holiday resort with hot natural springs and 35 km away from the youth centre you can visit two medieval castles. This makes it an ideal place for camps, conferences, church and mission group retreats with its own outdoor sports facilities.

The Centre can provide comfortable accommodation for a total of 65 people.
